Dear Members,

On behalf of the Board of Directors and the management, I am delighted to welcome you all to the 58th Annual General Meeting of your Company. Thank you for joining us.

I trust the notice convening this meeting and the Annual Report for the year 2014-15 have reached you on time and have been with you for some time now, so, with your permission, I shall take it as read.

I will take you through a brief update on the Country’s economic situation, your Company’s performance during the financial year gone by and the outlook for the current year.

During the fiscal 2014-15, India’s GDP expanded by 7.3% compared to 6.9% a year ago. Led by benign commodity prices, inflation moderated considerably with WPI touching its 9 year lows and CPI easing to 5.17% in March 2015 against 8.6% at the start of the year in April 2014. The moderation in inflation prompted the RBI to cut interest rates to spur economic growth.

The Indian Government managed to beat its fiscal deficit target by containing it at 3.9% of GDP. The Current Account Deficit contracted to below 2% of GDP. Structural reforms to boost investments remained high on the Government’s agenda.

Capital markets globally are going through turbulence presently, caused by a slowing Chinese economy and concerns as the US prepares to raise interest rates. However, the medium to long term outlook of Indian economy remains bright led by strong fundamentals. The World Bank and the International Monetary Fund forecast India’s GDP to grow at 7.5% in 2016 to become the world’s fastest growing economy, ahead of China.

Amidst these developments, your company has posted robust earnings growth.

The consolidated revenue of the Company grew year on year by 2% to ₹ 26,516 Crore, EBITDA surged by 18% to ₹ 5,798 Crore and Net profit grew by 24% to ₹ 1,416 Crore.

On a like to like basis, excluding one-off items and financials of IT-ITeS business, which was divested with effect from 9th May 2014, the growth in revenue, EBITDA and Net Profit was 14%, 25% and 39% respectively.

In line with its vision & mission, your Company continued to invest in the Promising Sectors
Your Company commenced Housing Finance business in October 2014. It partnered with MMI Holdings Limited of South Africa to foray into Health Insurance and Wellness business in India. It had also applied for license to set up Payments Bank in joint venture with Idea Cellular. I am pleased to inform that your Company is one out of the eleven players who have received RBI nod to set up the Payments Bank. Very recently, your Company has forayed in the Solar Power business, to tap the sector opportunity driven by the renewed focus of the Indian government on clean energy.
